GREAT BRITAIN DECLARES EMBARGO ON U. S.

G. O. P. CHAIRMAN ASKED TO ASK DAWES TO QUIT RACE

ALARM STIRRED BY JAPANESE IS DYING DOWN

By HENRY WOOD.
United Press Staff Correspondent
GENEVA, Oct. 1.—All war unless ordered by the League of Nations, is prescribed by the protocol and covenant of arbitration, security and disarmament which was presented to the assembly for final discussion today.

With representatives of 53 nations present the assembly convened to hear the reports of commissions which have been working on various phases of the ambitious project to bring about universal and permanent peace.

M. Politis of Greece presented the arbitration clauses, in which war is prescribed and all signatories accept obligatory arbitration or conciliation, while Premier Benes of Czechoslovakia, presented those clauses of the project dealing with mutual guarantees of national security and disarmament.

The future and alarm stirred up by the Japanese delegation's amendment had died down as the delegates gathered and an atmosphere of peace hovered over Geneva. League leaders were jubilant over the successful solution of the Japanese crisis.

Gasoline Slashed In Four States

(By United Press)
ATLANTA, Ga., Oct. 1.—Gasoline prices were slashed three cents a gallon by leading oil companies in four Southern States today.

The Gulf Refining Company started the reduction by announcing a three cent cut at all filling stations in Georgia, Florida, North and South Carolina.

Officials of the Reed Oil Company and Wofford Oil company announced similar cuts to meet competition of the Gulf concern. Others were expected to follow suit as reports of spread of a general price war in all Southern States.

The reductions made the selling price 20 cents a gallon at Atlanta filling stations including a 1-2 cent state tax.

All returned early Tuesday night but were silent on the outcome of the match.

GIANTS GENERALLY SLATED TO WIN IN THE WORLD SERIES

By HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, Oct. 1.—Considering that the New York Giants and the Washington Senators are almost evenly matched professional ball-players have established a price of \$5 to \$6, take your choice of either team to win the World Series.

Remembering last year when the wise betters were sunk on the Giants by putting up their money on McGraw to out think the Yankees, the bettors are not sure that Buck Harris will be a mere chump on the bench and around the field.

Odds of 11 to 10 on Washington to win the first game of the series are being offered as a result of Harris' promise to pitch Walter Johnson in the opener.

Johnson was hurt in the last series at Boston when he was struck on the elbow with a pitched ball but he is thought to have recovered.

Figuring that the Giants are more experienced and will not be in danger of getting rattled in the tight places and that the Giants have more of a punch than the American League champions, practically all of the New York writers are picking the National League pennant winners; unless they get the same spirit as that of the Senators, however, they'll lose.

The Giants squad will be divided today. Some of the players will take part in an exhibition game and the others will work out at the Polo Grounds under Captain Frank Frisch. The entire squad will leave tomorrow afternoon for Washington and will go through their stunts in the Washington ball park Friday.

Manager McGraw has not decided definitely about his opening line up. He is not certain that Heinie Groh will be able to take his regular place at third base but it is almost certain that Frisch will play second.

McGraw may use two line ups during the series. Terry probably will play first base with Kelly in center field and Wilson in left field against right hand pitching with Meusel in left field, Wilson in center and Kelly on first against southpaw pitching.

Although New York hasn't gone into hysterics, the city is showing interest in the series in its casual way, mostly by protesting against the inability to get tickets in the first row.

James Tierney, secretary of the Giants said today that the reserved seats were selling so fast that it

looked like a capacity crowd for all three games.

Commissioner Landis, who is to be in charge of the series, left today for Washington, to take part in the celebration that is to be staged there this afternoon when the Senators return home. The Commissioner met here yesterday with the representatives of the two clubs and made all the final arrangements for the series.

AL G. BARNES CIRCUS LOSES 36 HORSES IN FIRE

SAN FRANCISCO, Oct. 1.—Thirty six "Hi school" horses, of Al Barnes' circus, were burned to death near Tehama, California, when a section of the circus train caught fire following the explosion of a lantern. The animals were valued at \$25,000.

Westminster To Play T. M. C. on Saturday

The Westminster Wildcats will tackle the strong team of the Texas Military College from Terrell next Saturday afternoon, on the college campus at Tehuacana.

The game with Wesley here last Saturday gave Coach Chas. Lewis an opportunity to observe any weak places that might have been on the team, and has been of much value in placing his men for the coming game.

Dutch Cox will not be able to play in the game Saturday on account of having two broken ribs, which were fractured in the third quarter of the game here last week. It is thought that he will be alright in a few weeks but the Wildcat backfield is going to miss him greatly.

The Texas Military College played at Lon Morris College Tuesday at the Athens fair, and were victors by the score of 17 to 13. This gives some idea of the strength of the visitors as the Lon Morris (formerly Alexander College) has always had a very strong team.

Coach Chas. Lewis states that "Country" Williamson will referee the game.

LA FOLLETTE DENOUNCED BY BANKER AS THE NATION'S CHIEF LIABILITY

(By United Press)
CHICAGO, Oct. 1.—Senator Robert M. La Follette, head of the Independent ticket was openly attacked at the convention of the American Bankers Association here today. Heretofore the speakers had confined themselves to attacking policies advocated by him.

John E. Edgerton President of the National Association of Manufacturers, in an address labelled La Follette "That arch demagogue," and "The Nation's chief liability."

"The elements of distrust and suspicion, prejudice and hatred, discontent and vengeance have been multiplied and are being brought together in a dangerous power by an enterprising genius from Wisconsin who is normal only when he is abnormal, and never happy except when conspicuous as either a destructionist or an obstructionist," Edgerton said.

Edgerton warned against curbing the power of the Judiciary. He also

warned against amending the Constitution.

The so-called child labor amendment, is dangerous because it presents a rose that unfolds a tarantula. It is meant to restrict production and to compel uneconomic advances in wages and to expand the powers of the Federal Government so as to require the creation of more public offices and a further excuse of raising the cost of government."

C. H. Markham, President of the Illinois Central Railroad, told the Bankers that the railroads are the "first line of defense against those who would make this country a second Russia." Warning against Government ownership of the railroads, Markham said:

"If there is no particular reason why the government should not own and run the railroads, is there any reason why it should not take over also the banks, the stores, the factories, the farms, until all of us are government employees and the ideal of the Soviet is attained?"

BROOKHART SAYS HE IS TEARING UP PLANS OF PARTY

(By United Press)
CHICAGO, Oct. 1.—Charles Dawes must be dropped from the republican party ticket or the party will go down in defeat, Senator Smith Brookhart of Iowa told William Butler, chairman of the republican national committee, in a letter calling for the resignation of Dawes. Brookhart suggested that Dawes be replaced by Senator Norris of Nebraska. Dawes is proving to be a mill stone about Coolidge's neck, Brookhart said.

The letter in part follows: "Dawes wrecked the party campaign especially in the northwest. He started out like a bold faced 'plutocrat,' and by discourtesy and ungentlemanly language reduces himself, to use own vocabulary, 'peewee plutocrat.' He is an insult to the whole laboring world and will lose the party the entire labor vote," is declared.

DES MOINES, Iowa, Oct. 1.—Whether or not Senator Brookhart will be ousted from the republican party will be determined at a meeting of the central committee called for tomorrow, B. B. Burnquist, state chairman said. The meeting was called following Brookhart's attack on Dawes in Chicago.

Former Mexia Lady Is Buried Monday

Mrs. W. T. Graves, age 40, residing near Teague was buried Monday afternoon at Pursley, a host of loved ones gathering for the last rites attending the funeral of a woman who was greatly beloved by all who knew her and by the members of her family who long for the voice that is still. Mrs. Graves was formerly Miss Ida Robinson of Mexia, where she was reared. She is survived by her husband and four darling children, as well as by two brothers and two sisters. The brothers were: J. T. Robinson of Houston, formerly with The News here at Mexia; Allen Robinson of Streetman and the sisters were: Mrs. W. D. Magness of Wortham, Mrs. T. M. Robinson of Mexia and Mrs. Rubie Humphreys of Mexia. Rev. Allan of Dawson officiated at the burial services.

Credit Directors Meet Wednesday

Five members of the official family of the Mexia Retail Merchants Credit Association met Wednesday morning at the office of the association in the Farmers State Bank Building. They took up several important business matters, discussing in detail the manner of extending credits. They also considered a proposition of an out of town party who desired to solicit advertising for a weekly magazine. The decision was that this could not be endorsed at this time. Those present were John I. McElroy, President, T. B. Haynes, J. I. Riddle, Leonard Tidwell and Val Horn.

HOOF AND MOUTH TROUBLE ASSUMES INTERNATIONAL ASPECT WITH DECLARATION

(By United Press)
WASHINGTON, Oct. 1.—Great Britain notified the Department of Agriculture here that an embargo had been placed on all live stock, hay and straw and merchandise packed in hay straw from the United States since the hoof and mouth disease outbreak in Texas. Canada took similar action with the exception that the embargo is confined to live stock and products of Texas and the eight surrounding states.

(By United Press)
HOUSTON, Texas, Oct. 1.—Quarantine restrictions against the hoof and mouth disease outbreaks in Texas had assumed an international aspect today with the declaration of an embargo by Mexico late Tuesday and the closing of the international bridge at Laredo.

The quarantine was placed in effect upon receipt of a telegram by Dr. Alfredo Lopez, sanitary inspector of Nuevo Laredo, from J. Gomez Esparaz, chief of the bureau of animal industry, Mexico City. Esparaz stated that he would come to the border immediately accompanied by a personnel necessary to organize a prophylactic campaign.

Pedestrians only are allowed to cross the border without interference. Trains, automobiles and all vehicles must be disinfected before being permitted to pass into Mexico.

Action leading to modification of the quarantine order which would permit persons not coming from the infected zone and those crossing the Rio Grande daily, to cross without interference, has been launched.

Dr. Marion Imez of the Bureau of Animal Industry, Washington, today was in complete charge of all field work in combating the epidemic.

SOUTHERN PART OF GEORGIA IS FLOOD SWEPT

(By United Press)
ATLANTA, Oct. 1.—Flood waters have demoralized train service and ruined cotton and other crops to the extent of \$1,000,000 in Southern Georgia. Reports from many flood swept areas state that much cotton remaining in fields was destroyed. Highways were undermined and bridges are gone. Rail and motor traffic at a standstill in many sections.

Nairators Club Elects Officers

The Nairators club composed of young men in the high school held its first meeting of the school session Monday at which time officers were elected. Mac Walters was chosen as President; Marvin Bennett, First Vice-president; Dick Buford, Second Vice-president; Carlos Clover, Secretary and William Murphy, Treasurer. Reginald Thomas was elected Parliamentarian. The club starts out with about 25 members. The next meeting will be held Monday. The officers of the club state that all students who want to become members should see some member or officer and receive full information as to the meeting place, etc.

Mrs. Georgia Bergerson received a message Wednesday morning from New York from Mrs. Jack Womack, stating that Mr. and Mrs. Womack and Mr. and Mrs. Jesse McLendon had reached that city to join Mr. and Mrs. J. K. Hughes who have been there for several weeks. They went by Chicago where Mr. McLendon had hopes of being a spectator at a baseball game while en route.

ODD FELLOWS AND REBEKAHS HOLD ENTHUSIASTIC MEETING WITH MANY VISITORS PRESENT

About 150 were present and after a rousing program, refreshments were served, consisting of sandwiches, coffee, cake and cream.

The growth of this order has been remarkable since the institution of the lodge about a year ago. Some wonderful work in Odd Fellowship has been done according to Odd Fellows who have been in the order for years.

No members are solicited but the lodge invites all good men to investigate the service rendered and the accomplishments of the organization.

MORRISON CALLS BAYLOR BEARS DANGEROUS

By RAL MORRISON
(S. M. U. Football Coach)
(Written for the United Press)
DALLAS, Texas, Oct. 1.—With the Southwest Conference football season in full swing and with first blood drawn in last week-end's grid-iron mix-ups, early indications are that the champions of the conference will be unknown until the season's final whistle.

All conference members played outside games as season openers and were unanimous in victory. The coming week-end is also lacking in an inter-conference match, but will prove interesting in that team work under fire will begin to take definite form.

"Stage fright" usual in the opening games will be lessened by out-of-conference clashes and condition the players for the strenuous season ahead.

The Oklahoma Aggies will get their baptism of fire when they mix with Kansas U. at Lawrence Saturday. Considerable interest is manifest in the outcome of the game, as the strength of the Oklahoma is causing some concern in other camps. Incidentally the Aggies have several veterans in the line-up, left-overs from a husky 1923 team.

With several letter men on the squad but with a shy reserve, S. M. U. meets Trinity U. here Saturday. Early statistics show the two teams on virtually even standing.

Texas university, with a comparatively green team built around three veterans will mix with Phillips college from Enid, Oklahoma; while the Texas Aggies will entertain Southwestern College from Weatherford, Okla., at College Station.

Baylor U., considered as a dangerous contender this year, will take on Denton Normal at Waco; while a civic scrimmage is in store at Houston between Rice Institute and Sam Houston Normal. The latter team will play its first game of the season under the tutelage of Coach Heisman, formerly of Penn State, and their showing will be watched with interest.

T. C. U. will lock horns with Daniel Baker at Fort Worth and Arkansas U. will test the mettle of Springfield, Mo., Normal at the Arkansas Capital.

Fightin' Club Wins National League Pennant

By HENRY L. FARRELL.
(United Press Staff Correspondent)

NEW YORK, Sept. 30. — John McGraw's baseball team, because of his reputation and record are always apt to be over estimated. McGraw is the most successful manager in baseball but a lot of master mind bank about him and his team was exploded in the world's series last fall. Against the Washington Senators in the first game of the World Series next Saturday an ordinary team of New York Giants will play for a manager who has been very successful in a long drive and who hasn't been so successful in a short series.

The Giants have a pennant to show that they were the best club in the National League, but there may be some arguments about that. The Giants haven't the best club in the league. They won the pennant with the fightin' club.

The Senators have a better outfield than the Giants and their infield while it lacks the brilliance of a Frisch, is more effective than the inner defense of the Giants. Washington has the best catcher in baseball and a pitching staff that is just as good if not better than the Giants.

Figuring that the teams are evenly matched, it will get down to the old stuff about the master mind on the bench. McGraw is a more experienced manager than Young Duck Harris and he may know more tricks, but McGraw has not the inspired team working for him that Harris has plugging his head off for him. Remembering the performance of the inspired Boston Braves in 1911 against one of the greatest teams of all times and recalling Princeton's football war even "a team that won't be beaten can't be beaten." It would seem that McGraw will need all his master mind.

The Giants, from the latest reports may have to play without Heinie Groh and will have to use the 18-year-old rookie, Freddy Lindstrom on third base, but Frisch will be able to resume his position at second place.

The Senators have the greatest double play combination around second base in the major league. As a whole the Giants are rather slow on the bases and a lot of Giant chances are going to be snuffed out with double killings.

Get Your Coffee In Bed at This Hotel

(By United Press)
SAN ANTONIO, Oct. 1.—Free coffee for guests, served in bed, is the program of a local hotel. Just turn a knob, and the hot java appears. The device, which is to be patented, consists of an indicator dial on which the guest shows the time at which he desires the beverage. Outside the room, the dial figures run from 7 to 9:30. Between those hours, bell boys are to push little coffee wagons up and down the corridors, serving each guest at his appointed hour. If by any chance a guest does not want coffee, he may set the dials so no figures appear.

ROOSEVELT FOLLOWS IN FATHER'S FOOTSTEPS

THEODORE ROOSEVELT

Just how far will Colonel Theodore Roosevelt follow in the footsteps of his illustrious father? Thus far their lives have been nearly parallel. Both have been colonels in the United States army. Both have been Assistant Secretaries of the Navy. Both have been Republican nominees for the Governorship of New York. Colonel Roosevelt stepped from the Governorship into the Vice-Presidency and then into the Presidency. The younger Colonel Roosevelt still must win the Governorship to continue in his father's footsteps.

Humble Gasoline
is Always Good

Many motorists buy their gasoline haphazardly—here and there—from any station they happen to pass. Sometimes the gasoline that goes into the tank is good, sometimes, poor—depending of course on who made it and how it was made.

When you buy from a "blind pump", you are getting a product that you know nothing at all about—one that has "No pride of ancestry." You don't know who made it or how it was made, and how it will function in your motor.

You rely on gasoline to get you where you want to go, quickly and cheaply. It is the efficient operation of your car and the cost per mile that really count. Only a uniformly-good gasoline can be depended on to give you these things.

Humble Gasoline is always good, no matter where or when you buy it. From the wells to your car, its quality and purity are safeguarded by the big Humble Oil & Refining Company organization—employing over 3,500 people in the state of Texas alone. Our immense production facilities enable us to select and refine so as to secure a uniform and dependable product—one that you can always rely on to give efficient operation and the maximum of mileage.

Look For The Humble Signs
Name if you can, another manufactured article that is maintained at such a high standard, that is so widely and regularly distributed, that is dispensed at so narrow a margin of profit to the producer, as Gasoline.

CAMPAIGN ENDS WITH SERVICE THURSDAY NIGHT

"Make all things according to the pattern" was the theme of evangelist's sermon last night at the First Christian church. He said "We must give the world the Gospel as delivered to us. We must not add to nor take from. God will not brook any alteration. Moses dared not change one detail when he built the tabernacle, yet how much more important is the Gospel. God has delivered to us the conditions of pardon. How trivial and unimportant they seem to us, yet they are God's commands, and we must obey them. We are more concerned with the work of our tailors than we are with the garment we are to wear to the wedding supper of the Lamb. If the tailor makes something that does not fit, we will not wear it. We are concerned about the fit of our robes because men will laugh at us if they are too big or too tight, and yet we are not concerned about meeting the conditions God has imposed. We say we are all right if we feel that we are all right. If a man would spend as much time on the question 'What must I do to be saved?' as he does in learning to adjust the collar on his Ford, no one need say, I don't know."

TO A LADY

Who Refused to Use Clay
Edna Wallace Hopper
A lady writes me that my beauty helps have brought her wonderful results, but she adds, "It is too much trouble to trouble!"
The more trouble, in my stage-work, and in these efforts to help women I work 15 hours a day. Yet I would rather risk three meals than miss my clay.
Two clays trouble me. Yes, yes, what clay has done for me. Mine is a grand mother's age, yet photo-boy only a debutante's complexion.
Let me send you a test of my White Youth Clay. It is not like the crude and muddy clays so many have employed. It is white, refined and dairy-like the best used in facial clays. And it combines in one product many superlatives help.
My Youth Clay judges the skin of all that clays and masks it. It removes the excess of blackheads and blemishes. It brings the blood to the skin to nourish and revive it. The result is a rosy after glow which amazes and delights. It fluffs the skin, combats lines and wrinkles, reduces enlarged pores, eliminates sun-burns and
Many women seem to drop ten years with one application of this clay. To countless women it is bringing untold benefits, new beauty and new youth. Are such results not well worth a few minutes twice a week?
Mine is a super-clay in my home. I have used on 20 year old agent for 10 years. I have placed it with all good quality of toilet countries, and you can get it. The cost is 50 cents and I'll pay will thank me for it, only when you learn what it means to you.
I will gladly mail sample if you mail this coupon.

Evangelist Vawter stressed the service tonight in which the children are to participate. Mr. House has been working with the class of boys and girls for the past ten days and they are very much interested in the work of studying the Bible and will give a demonstration Thursday night that will be pleasing as well as remarkable.
The Book of Acts is being stressed by Dr. Vawter. He urges the congregation each night to spend more time reading God's Book. Quite a number have read the entire book of Acts during the revival.
A special feature Wednesday night is to be a trio on the chimes instrument.
Miss Reeves as choir director has charmed the congregation each service with her leadership and magnificent talent. She sang "Tell Mother I'll Be There" at Tuesday night's service, which rendition was unusually beautiful.
Thursday night is to be the last night of the evangelical campaign at the Christian church. The pastor, Rev. Reeves and the entire party urge the necessity of prayer and great congregations at these last two services now ahead. 73 raised their hands Wednesday night indicating that they would pray earnestly for the service tonight. Such effort the evangelist urges will win souls for Christ, and without it the preacher and church are helpless in accomplishing worth while service.

what to do. Many people think if a thing is labelled religion, it is all right. It is utter nonsense to say that one church is as good as another. It is nonsense to say that God will be pleased if we conform to some religious program. Being honest doesn't make it what God wants us to do. God did not say, "Make all things according to a pattern, but make all things according to the pattern."

SALTS FINE FOR ACHING KIDNEYS

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache of pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year. (—Adv.)

ALARM STIRRED BY JAPANESE IS DYING DOWN

By HENRY WOOD.
United Press Staff Correspondent
GENEVA, Oct. 1.—All war unless ordered by the League of Nations, is prescribed by the protocol and covenant of arbitration, security and disarmament which was presented to the assembly for final discussion today.

With representatives of 53 nations present the assembly convened to hear the reports of commissions which have been working on various phases of the ambitious project to bring about universal and permanent peace.

M. Politis of Greece presented the arbitration clauses, in which war is prescribed and all signatories accept obligatory arbitration or conciliation, while Premier Benes of Czechoslovakia, presented those clauses of the project dealing with mutual guarantees of national security and disarmament.

The furor and alarm stirred up by the Japanese delegation's amendments had died down as the delegates gathered and an atmosphere of peace hovered over Geneva. League leaders were jubilant over the successful solution of the Japanese crisis.

Gasoline Slashed In Four States

(By United Press)
ATLANTA, Ga., Oct. 1.—Gasoline prices were slashed three cents a gallon by leading oil companies in four Southern States today.

The Gulf Refining Company started the reduction by announcing a three cent cut at all filling stations in Georgia, Florida, North and South Carolina.

Officials of the Reed Oil Company and Wofford Oil company announced similar cuts to meet competition of the Gulf concern. Others were expected to follow suit as reports of spread of a general price war in all Southern states.

The reductions made the selling price 20 cents a gallon at Atlanta filling stations including a 1-2 cent state tax.

MORGAN TO LEAVE FOR WATERWORKS MEETING

City Secretary and Water Superintendent R. D. Morgan leaves Thursday to attend the annual convention of the Southwest Waterworks Association at Topeka, Kansas. The session opens Monday, October 6, and continues through the 9th, four days. Mr. Morgan was last year elected secretary of the association, and the yearly meetings of the waterworks men, representing experts, engineers and technical men from the entire Southwest is of large moment. The program, as outlined in the printed booklets which Secretary Morgan takes along with him, is an unusually constructive one, punctuated also with many pleasure trips and entertainments.

MEXIA GOLFERS LOSE AT CORSICANA TUESDAY

At the request of members of the Country Club at Corsicana, several Mexia golfers went up to that city Tuesday afternoon for an informal match. Among those in the party were: Messrs S. N. Forrest, Blake Forrest, E. L. Smith, Blake Smith, Gene Sinclair and W. B. Kendrick. All returned early Tuesday night but were silent on the outcome of the match.

GIANTS GENERALLY SLATED TO WIN IN THE WORLD SERIES

By HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, Oct. 1.—Considering that the New York Giants and the Washington Senators are almost evenly matched professional ball-players have established a price of \$5 to \$6, take your choice, either team to win the World Series.

Remembering last year when the wise betters were sunk on the Giants by putting up their money on McGraw to out think the Yankees, the bettors are not sure that Buck Harris will be a mere child on the bench and around the field.

Odds of 11 to 10 on Washington to win the first game of the series are being offered as a result of Harris' promise to pitch Walter Johnson in the opener.

Johnson was hurt in the last series at Boston when he was struck on the elbow with a pitched ball but he is thought to have recovered. Figuring that the Giants are more experienced and will not be in danger of getting rattled in the tight places and that the Giants have more of a punch than the American League champions, practically all of the New York writers are picking the National League pennant winners; unless they get the same spirit as that of the Senators, however, they'll lose.

The Giants squad will be divided today. Some of the players will take part in an exhibition game and the others will work out at the Polo Grounds under Captain Frank Frisch. The entire squad will leave tomorrow afternoon for Washington and will go through their stunts in the Washington ball park Friday.

Manager McGraw has not decided definitely about his opening line up. He is not certain that Heinie Groh will be able to take his regular place at third base but it is almost certain that Frisch will play second.

McGraw may use two line ups during the series. Terry probably will play first base with Kelly in center field and Wilson in left field against right hand pitching with Meusel in left field, Wilson in center and Kelly on first against southpaw pitching.

Although New York hasn't gone into hysterics, the city is showing interest in the series in its casual way, mostly by protesting against the inability to get tickets in the first row.

James Tierney, secretary of the Giants said today that the reserved seats were selling so fast that it

looked like a capacity crowd for all three games. Commissioner Landis, who is to be in charge of the series, left today for Washington, to take part in the celebration that is to be staged there this afternoon when the Senators return home. The Commissioner met here yesterday with the representatives of the two clubs and made all the final arrangements for the series.

AL G. BARNES CIRCUS LOSES 36 HORSES IN FIRE

SAN FRANCISCO, Oct. 1.—Thirty six "Hi school" horses, of Al Barnes' circus, were burned to death near Tehama, California, when a section of the circus train caught fire following the explosion of a lantern. The animals were valued at \$25,000.

Westminster To Play T. M. C. on Saturday

The Westminster Wildcats will tackle the strong team of the Texas Military College from Terrell next Saturday afternoon, on the college campus at Tehuacana.

The game with Wesley here last Saturday gave Coach Chas. Lewis an opportunity to observe any weak places that might have been on the team, and has been of much value in placing his men for the coming game.

Dutch Cox will not be able to play in the game Saturday on account of having two broken ribs, which were fractured in the third quarter of the game here last week. It is thought that he will be alright in a few weeks but the Wildcat backfield is going to miss him greatly.

The Texas Military College played Lon Morris College Tuesday at the Athens fair, and were victors by the score of 17 to 13. This gives some idea of the strength of the visitors as the Lon Morris (formerly Alexander College) has always had a very strong team.

Coach Chas. Lewis states that "Country" Williamson will referee the game.

LA FOLLETTE DENOUNCED BY BANKER AS THE NATION'S CHIEF LIABILITY

(By United Press)
CHICAGO, Oct. 1.—Senator Robert M. LaFollette, head of the Independent ticket was openly attacked at the convention of the American Bankers Association here today. Heretofore the speakers had confined themselves to attacking policies advocated by him.

John E. Edgerton President of the National Association of Manufacturers, in an address labelled LaFollette "That arch demagogue," and "The Nation's chief liability." "The elements of distrust and suspicion, prejudice and hatred, discontent and vengeance have been multiplied and are being brought together in a dangerous power by an enterprising genius from Wisconsin who is normal only when he is abnormal, and never happy except when conspicuous as either a destructionist or an obstructionist," Edgerton said.

Edgerton warned against curbing the power of the Judiciary. He also

warned against amending the Constitution.

The so-called child labor amendment, is dangerous because it presents a rose that unfolds a tarantula. It is meant to restrict production and to compel uneconomic advances in wages and to expand the powers of the Federal Government so as to require the creation of more public offices and a further excuse of raising the cost of government."

C. H. Markham, President of the Illinois Central Railroad, told the Bankers that the railroads are the "first line of defense against those who would make this country a second Russia." Warning against Government ownership of the railroads, Markham said:

"If there is no particular reason why the government should not own and run the railroads, is there any reason why it should not take over also the banks, the stores, the factories, the farms, until all of us are government employees and the ideal of the Soviet is attained?"

BROOKHART SAYS HE IS TEARING UP PLANS OF PARTY

(By United Press)
CHICAGO, Oct. 1.—Charles Dawes must be dropped from the republican party ticket or the party will go down in defeat, Senator Smith Brookhart of Iowa told William Butler, chairman of the republican national committee, in a letter calling for the resignation of Dawes. Brookhart suggested that Dawes be replaced by Senator Norris of Nebraska. Dawes is proving to be a mill stone about Coolidge's neck, Brookhart said.

The letter in part follows: "Dawes wrecked the party campaign especially in the northwest. He started out like a bold faced 'plutocrat,' and by discourtesy and ungentlemanly language reduces himself, to use own vocabulary, 'pee-wee plutocrat.' He is an insult to the whole laboring world and will lose the party the entire labor vote," is declared.

DES MOINES, Iowa, Oct. 1.—Whether or not Senator Brookhart will be ousted from the republican party will be determined at a meeting of the central committee called for tomorrow, B. B. Burnquist, state chairman said. The meeting was called following Brookhart's attack on Dawes in Chicago.

Woman Is Crushed To Death In Car

(By United Press)
DALLAS, Oct. 1.—One person was killed and two others seriously injured when their automobile plunged off a thirty-foot embankment on a highway near here last night. Mrs. Charles Behre, 39, was crushed to death beneath the overturned car. Her husband, Charles Behre, sustained a broken leg and internal injuries and Miss Myrtle Bacon, 16, cut about the head. George Singletary, driver, was uninjured.

Brookhart Not To Bolt Party

(By United Press)
CAMP PERRY, Ohio, Oct. 1.—"I have no intention of bolting the republican party," Senator Smith Brookhart said on his arrival here. "Merely striving to eliminate stand patters from the party that was led by Lincoln and Roosevelt. I mean the original Teddy," he declared.

CHEKIANG ARMY OVERWHELMS FORCES OF YUAN

(By United Press)
SHANGHAI, Oct. 1.—General Hsiang's Chekiang army successfully resisted a persistent three days attack by overwhelming Yuan forces, and quiet ranged along the front before the city Wednesday. Word came here from Mukden, headquarters, general headquarters of General Chang Lin, that the Manchurian forces started a general offensive against Shan Kwan, the gateway city to North China.

Former Mexia Lady Is Buried Monday

Mrs. W. T. Graves, age 40, residing near Teague was buried Monday afternoon at Pursley, a host of loved ones gathering for the last sad rites attending the funeral of a woman who was greatly beloved by all who knew her and by the members of her family who long for the voice that is still. Mrs. Graves was formerly Miss Ida Robinson of Mexia, where she was reared. She is survived by her husband and four darling children, as well as by two brothers and two sisters. The brothers were: J. T. Robinson of Houston, formerly with The News here at Mexia; Allen Robinson of Streetman and the sisters were: Mrs. W. D. Magness of Wortham, Mrs. T. M. Robinson of Mexia and Mrs. R. B. Humphreys of Mexia. Rev. Allman of Dawson officiated at the burial services.

Credit Directors Meet Wednesday

Five members of the official family of the Mexia Retail Merchants Credit Association met Wednesday morning at the office of the association in the Farmers State Bank Building. They took up several important business matters, discussing in detail the manner of extending credits. They also considered a proposition of an out of town party who desired to solicit advertising for a weekly magazine. The decision was that this could not be endorsed at this time. Those present were John I. McElroy, President, T. B. Haynes, J. I. Riddle, Leonard Tidwell and Val Horn.

THE WEATHER.

Weather—Generally fair warmer.

ODD FELLOWS AND REBEKAHS HOLD ENTHUSIASTIC MEETING WITH MANY VISITORS PRESENT

One of the most enthusiastic meetings ever held in Mexia was that of Tuesday night in the Odd Fellows' hall, on the third floor of the Smith Building.

The occasion was a joint gathering of the I. O. O. F. and Rebekahs. Visitors were present from Groesbeck, Teague and other neighboring places.

The following Odd Fellows made brief talks: County Clerk J. L. Day and District Clerk Johnson Wakefield of Groesbeck; W. P. Harris and P. L. Hovis of Teague and Dr. Harry Por-

HOOF AND MOUTH TROUBLE ASSUMES INTERNATIONAL ASPECT WITH DECLARATION

(By United Press)
WASHINGTON, Oct. 1.—Great Britain notified the Department of Agriculture here that an embargo had been placed on all live stock, hay and straw and merchandise packed in hay straw from the United States since the hoof and mouth disease outbreak in Texas. Canada took similar action with the exception that the embargo is confined to live stock and products of Texas and the eight surrounding states.

(By United Press)
HOUSTON, Texas, Oct. 1.—Quarantine restrictions against the hoof and mouth disease outbreaks in Texas had assumed an international aspect today with the declaration of an embargo by Mexico late Tuesday and the closing of the international bridge at Laredo.

SOUTHERN PART OF GEORGIA IS FLOOD SWEPT

(By United Press)
ATLANTA, Oct. 1.—Flood waters have demoralized train service and ruined cotton and other crops to the extent of \$1,000,000 in Southern Georgia. Reports from many flood swept areas state that much cotton remaining in fields was destroyed. Highways were undermined and bridges are gone. Rail and motor traffic at a standstill in many sections.

Nairators Club Elects Officers

The Nairators club composed of young men in the high school held its first meeting of the school session Monday at which time officers were elected. Mac Walters was chosen as President; Marvin Bennett, First Vice-president; Dick Buford, Second Vice-president; Carlos Clover, Secretary and William Murphy, Treasurer. Reginald Thomas was elected Parliamentarian. The club starts out with about 25 members. The next meeting will be held Monday. The officers of the club state that all students who want to become members should see some member or officer and receive full information as to the meeting place, etc.

Mrs. Georgia Bergerson received a message Wednesday morning from New York from Mrs. Jack Womack, stating that Mr. and Mrs. Womack and Mr. and Mrs. Jesse McLendon had reached that city to join Mr. and Mrs. J. K. Hughes who have been there for several weeks. They went by Chicago where Mr. McLendon had hopes of being a spectator at a baseball game while en route.

The quarantine was placed in effect upon receipt of a telegram by Dr. Alfredo Lopez, sanitary inspector of Nuevo Laredo, from J. Gomez Esparaz, chief of the bureau of animal industry, Mexico City. Esparaz stated that he would come to the border immediately accompanied by a personnel necessary to organize a prophylactic campaign.

Pedestrians only are allowed to cross the border without interference. Trains, automobiles and all vehicles must be disinfected before being permitted to pass into Mexico.

Action leading to modification of the quarantine order which would permit persons not coming from the infected zone and those crossing the Rio Grande daily, to cross without interference, has been launched. Dr. Marion Imez of the Bureau of Animal Industry, Washington, today was in complete charge of all field work in combatting the epidemic.

MORRISON CALLS BAYLOR BEARS DANGEROUS

By RAL MORRISON
(S. M. U. Football Coach)
(Written for the United Press)
DALLAS, Texas, Oct. 1.—With the Southwest Conference football season in full swing and with first blood drawn in last week-end's gridiron mix-ups, early indications are that the champions of the conference will be unknown until the season's final whistle.

All conference members played outside games as season openers and were unanimous in victory. The coming week-end is also lacking in an inter-conference match, but will prove interesting in that team work under fire will begin to take definite form.

"Stage fright" usual in the opening games will be lessened by out-of-conference, clashes and condition the players for the strenuous season ahead.

The Oklahoma Aggies will get their baptism of fire when they mix with Kansas U. at Lawrence Saturday. Considerable interest is manifest in the outcome of the game, as the strength of the Oklahoma is causing some concern in other camps. Incidentally the Aggies have several veterans in the line-up, left-overs from a husky 1923 team.

With several letter men on the squad but with a shy reserve, S. M. U. meets Trinity U. here Saturday. Early statistics show the two teams on a virtually even standing.

Texas university, with a comparatively green team built around three veterans will mix with Phillips college from Enid, Oklahoma; while the Texas Aggies will entertain Southwestern College from Weatherford, Okla., at College Station.

Baylor U., considered as a dangerous contender this year, will take on Denton Normal at Waco; while a civic scrimmage is in store at Houston between Rice Institute and Sam Houston Normal. The latter team will play its first game of the season under the tutelage of Coach Heisman, formerly of Penn State, and their showing will be watched with interest.

T. C. U. will lock horns with Daniel Baker at Fort Worth and Arkansas U. will test the mettle of Springfield, Mo., Normal at the Arkansas Capital.

KITTY BOND CLASS TO HOLD SOCIAL

Members of the Kitty Bond Wesley Bible Class will have a social meeting at the home of Mrs. J. L. Metcalf, Friday afternoon at 3:00 o'clock. The officers for the new year will be elected. All members and prospective members are urged to attend.—Mrs. W. B. Lardum.

HOW SHALL WE ACCOUNT FOR JESUS CHRIST? "WHAT THINK YE OF CRIST"? MATTHEW 22:42

Sermon By
REV. EDWARD H. HUDSON
First Presbyterian Church, Sept. 23.
There are three wonders of the world which seem to satisfy the desire of travelers for beauty; the Alhambra of Granada, Spain; the Japan Sea and the glorious Taj Mahal in Agra, India.

There are three great paintings which almost defy criticism: Raphael's "Transfiguration," Angelo's "Moses" and Canova's "Penitent Magdalen."

There are three masterpieces of literature which are well-nigh faultless: Shakespeare's "Hamlet," Milton's "Paradise Lost" and Tennyson's "In Memoriam."

There are three heroic men standing out on the world's stage almost matchless: Moses, the lawgiver, Paul, the apostle and Luther, the reformer.

But no one of these products of nature, art, literature or humanity was perfect; there are spots on their suns. No man born of woman is faultless, spotless, stainless.

Humboldt who travelled widely, studied much and thought deeply, said: "The finest fruit Earth holds up to Heaven is Man"; doubtless meaning the ideal man; but he does not tell us that he ever discovered the ideal man.

The ideal man has been found only once. Only once has the plant of Humanity blossomed into the perfect flower and that flower was "The rose of Sharon," "the lily of the valley."

Jesus rises above other men as Mount Zion rises above the plains of Esdras. As the Himalayas rise so high that if you were to place the Jungfrau on top of the Matterhorn, their combined heights would reach their glittering summits, so Jesus rises above all heights and combined heights attained by men of all ages and races.

Looking upon the man Christ Jesus we may say with the purest enthusiasm and admiration, "Ecce Homo"—and still gazing upon him with profoundest reverence, we should be able to say, "Ecce Deus."

A successful business man in conversation with a preacher, was asked the question, "What think ye of Christ?" He replied frankly, "Well I suppose I never think of him at all."

"When were you born?" asked the minister. "1843" said the man. "Before Christ or after Christ?" asked the preacher.

The man ashamed and embarrassed, was spared further questioning. It is astonishing that any man can be found, in this age of enlightenment, who has no definite convictions about Christ.

Such admission argues a large degree of mental vacuity or moral insensitivity.

The business man who every day writes and dates his letters with no thought or convictions about Him who gave the world its calendar is a thoughtless man. The artist who visits the Galleries and looks upon the magnificent marbles and canvases, the finest of which have been inspired by the life, teachings and works of Jesus, without definite convictions about Him is thoughtless. The musician who listens to the harmonies of Bach, Haydn, Handel, Mozart and Mendelssohn, all of whom found inspiration and themes in the career of The Man of Galilee, and finds no convictions about Jesus, does not think. The scholar who reads the masterpieces of the great writers thoughts and theories are derived from the life and teaching of Him "who spoke as never man spake," is superficial.

The man who looks on the Church spires pointing Heavenward from every part of the Earth and finds a Sabbath Day among the greatest peoples and admires the flowers of Easter and gives gifts and goodwill on Christmas, without thoughts of Him who gave these institutions to the world, is a thoughtless man.

We ought to think. We ought to have definite convictions and we ought to declare these convictions. We ought to try to account for Him.

We study the lives and works of Socrates, Plato, Luther, Napoleon, Gladstone, Billy Sunday and Coolidge and try to explain them and account for them. Ought we not to study "The Man of Galilee" and account for Him?

His was a life whose streams rise above the streams of all other lives. No stream can rise higher than its source. How shall we account for the height to which his life rose? How, unless we find a source corresponding? Denying the Divinity of Christ, we cannot explain his humanity. The perfection of his Humanity is impossible without admitting his Divinity. His life demands a corresponding origin. It is easier to accept the story of manner in which he came into the world than to account for the manner in which He lived.

Some have tried to account for Him by the laws of heredity. No doubt the laws of heredity are important and there is much truth in

our modern theories of the power of heredity in determining the course and destinies of human lives. We recognize the regal element in Christ's ancestry, but we know the family line has fallen low as judged by men, and although there was in Jesus' veins the blood of kings, we are unable to explain his career on this ground. The old theory of the skeptics that in Him Evolution completed her process and that when he appeared as "the finest flower of Humanity," "the moulds were broken" has been abandoned.

Some have tried to explain Him on the grounds of environment. Again we admit the importance of environment in starting and shaping human character, and while there is much truth in our theories of its determining influence, we are unable to account for Jesus by his early environments.

He rose above all the limitations of his age or people. Never appeared a man so wise, so broad, so sweet, so celestial, in thought, spirit and speech as Jesus.

Yet he belonged to a little country, was born in a carpenter's home, was reared in a despised village or poor people who were saturated with bigotry. He broke through the bonds of environment and went out to become a world-figure, belonging to the twentieth century as well as the first, to America as well as to Galilee.

Some have tried to account for him on the grounds of education. We admit the power of education and culture in making great lives. But Jesus never attended any school save the Jewish Synagogue; he never passed through the courses of academy or university; he never sat at the feet of any Gamaliel; he never travelled beyond the borders of the little province of Palestine.

If Christ were the product of any or all of the influences named, is it not a miracle that we have only One Christ? Why have not England or Germany or America produced another Christ?

Why has not this century with the remarkable advance in learning and culture and wealth and power, with its heritage of all the past, produced another such as he that came in Galilee two thousand years ago?

I stand dumb in the effort to explain the character and life and influence of Christ if I deny His Divinity. I find it vastly easier to accept the account of his unique birth than to explain his unique life, if I deny his Divinity.

Will you hear the testimony of the world's greatest minds given after long and careful study in the attempt to account for Him.

As we go thru the writings of men who have tried to dethrone Christ and bring him down to the level of men, we find that Atheism is partly theory and partly pose and partly egotism, and that there is general confession of failure.

Call Rousseau—the brilliant dashing Frenchman and scoffer and hear his testimony: "O how petty are the words of man compared with the Gospel story. If Socrates lived and died the death of a sage, Jesus lived and died the death of a God. Call Napoleon—The leader of men who lit the midnight with the fires of battle; who, if his moral ideals had been as high as his military genius would have been the mightiest mere man God ever let loose on this planet; "What think you of Christ, Napoleon?" "Alexander, Caesar, Charlemagne and myself founded empires. On that did we rest the creations of our genius? On force. Jesus Christ founded an empire on

Love, and today millions would die for Him. I know men and I tell you Jesus Christ was not a man."

Call David Strauss—the leader of German rationalism who finally repudiated the Christian religion; he has this to say of Jesus: "He remains the highest model of religion within reach of our thoughts and no personal piety is possible without his presence in our hearts." "When He was formed the moulds were broken."

Call Ernest Renan—French Theologian and scientist who defined Christ as "Times noblest offspring"; "When Pilate describes his imaginary righteous man he describes exactly the character of Christ, loaded with all the punishment of guilt, yet meriting the highest reward of merit." "His story calls forth tears without ceasing; his worship shall grow young without end and coming generations shall proclaim that never was born of woman a greater than Jesus."

Call Immanuel Kant—German philosopher, the apostle of pure reason. He testifies of the Divine perfection of Jesus. When a writer recently joined the names of Kant and Jesus, he said: "The one name is Holy, the other is that of a poor bungler trying to interpret him."

Hegel, the author of twenty two volumes of logic and philosophy, saw in Jesus "The Union of the Human and Divine."

Spinoza speaks of Him as "The truest symbol of heavenly wisdom. Voltaire the leader of Atheism in France found his suppliant soul overawed by "The beauty and grandeur of his life."

John Stuart Mill describes Him as "A man charged with a special mission from God."

Hear Jean Paul Richter—the greatest of German Humanists; "This man who being a priest, the holiest among the mighty, and the mightiest among the holy, who with his pierced hands lifted empires off their hinges and turned the streams of centuries from their channels."

Call Thomas Carlyle—filled with hatred of cant and love of truth! "Jesus Christ is the Divinest symbol of Humanity."

Toplady—one of the sweetest poets of his age gives his testimony in the majestic hymn, "Rock of Ages cleft for me."

Charles Wesley—Song writer for the church, sings: "Thou O Christ art more than all to me."

Hear Charles Spurgeon—the matchless preacher; his marvelous ministry of blessing to men and his many volumes may be condensed into one sentence of testimony; "Jesus Christ is chiefest among ten thousand and the one altogether lovely."

Joseph Parker at the close of his wonderful life says "I companioned with Jesus at Nazareth and Calvary and I felt his love stronger than the love of women—a love filling my soul with its ardent flame."

Turn to the testimony of the Gospels; Call Judas—the traitor; "Judas what think ye of Christ?" He hurls the thirty pieces of silver down as he says "I have betrayed innocent blood." Call Pilate the trial judge who passed sentence. He comes

trying to cleanse imaginary blood-stains from his hands saying "I am innocent of the blood of this just man. I find no fault in Him."

Call John the Baptist; "Behold the lamb of God which taketh away the sins of the world."

Call John, the Evangelist who pillowed his head on Jesus bosom and felt the throb of his mighty heart; he says "The way the truth and the life."

Call Thomas the doubter; "My Lord and My God."

Call Peter who one time followed afar off and denied him. "Thou art the Christ, the Son of the Living God."

Call John; "In Him was no sin."

Call Timothy; "The one mediator

between God and Man."

Let God the Father testify from Heaven—"This is my beloved Son; hear ye Him."

Let Jesus testify in his own behalf. His integrity and honesty and sanity have never been questioned or impeached His record is good. He has no motive to gain by deception. His character is unsullied. Hear him.

"I come from the Father, I go to the Father."

"I work the works of Him that sent me."

"I am in the Father and the Father in me."

"I am the way the truth and the life."

"I am the good shepherd."

"I am the great physician."

"I am the light of the world."

"I am the salt of the Earth."

"I am the bread of life."

"I am the Resurrection and the Life."

"I am the door."

"I am He that liveth and was dead."

"I am the beginning and the end."

"Thou sayest it I am a King."

We might go on and on introducing the testimony of twice-born men who declare that whereas they were blind now they see.

We might go on to cite the history of Christianity its spread and influence, a miracle in itself. We might multiply the phenomena of Christian experience—of countless

redeemed men and women who can say "I know whom I have believed and am persuaded that He is able to keep that which I have committed to him against that day." All the testimony in the case is so corroborative and so cumulative that the most reasonable account of Jesus Christ is that He is what he claimed to be—"The Son of God manifest in the flesh."

"What Think Ye of Christ?"

"What Will You Do With Him?"

Your thoughts of Him will determine your thoughts on all other important things.

What you do with Him, will determine your eternal destiny.

Make it a personal question. Answer it. Act upon it. Now.

Fightin' Club Wins National League Pennant

By HENRY L. FARRELL.
(United Press Staff Correspondent)

NEW YORK, Sept. 30. — John McGraw's baseball teams, because of his reputation and record are always apt to be over estimated. McGraw is the most successful manager in baseball but a lot of master mind hunk about him and his team was exploded in the world's series last fall. Against the Washington Senators in the first game of the World's Series next Saturday an ordinary team of New York Giants will play for a manager who has been very successful in a long drive and who hasn't been so successful in a short series.

The Giants have a pennant to show that they were the best club in the National League, but there may be some arguments about that. The Giants haven't the best club in the league. They won the pennant with the Fightin' club.

The Senators have a better outfield than the Giants and their infield while it lacks the brilliance of a Frisch, is more effective than the inner defense of the Giants. Washington has the best catcher in baseball and a pitching staff that is just as good if not better than the Giants.

Figuring that the teams are evenly matched, it will get down to the old stuff about the master mind on the bench. McGraw is a more experienced manager than Young Buck Harris and he may know more tricks, but McGraw has not the inspired team working for him that Harris has plugging its head off for him. Remembering the performance of the inspired Boston Braves in 1914 against one of the greatest teams of all times and recalling Princeton's football war cry—"a team that won't be beaten can't be beaten," it would seem that McGraw will need all his master mind.

The Giants, from the latest reports may have to play without Heinie Groh and will have to use the 18-year-old rookie, Freddy Lindstrom on third base, but Frisch will be able to resume his position at second place.

The Senators have the greatest double play combination around second base in the major league. As a whole the Giants are rather slow on the bases and a lot of Giant chances are going to be snuffed out with double killings.

Suspect Is Arrested in Woman's Death

Above: HENRY COOK
Below: F. R. GIBSON

Henry Cook, alias Garbutt, alias Connors, paroled Joliet, Ill., convict, has been indicted in Pasadena, Cal., for the murder of Mrs. Clinton B. Huhn, wealthy Chicago and Pasadena society woman, who was slain in her Pasadena home with a pistol and hammer. The police say Mrs. Huhn had befriended the former convict, and that thousands of dollars' worth of jewels were missing after her death. F. R. Gibson, a wealthy relative of Mrs. Huhn, had attended a dinner she gave to him, Cook and her adopted son. Gibson told the police he was in the bathroom when the murder was committed.

"For Mexia, I WILL"

NORTH BELKNAP STREET NEEDS ATTENTION
The busy season of the Fall is under way and North Belknap street and the streets that lead into Mexia from the fertile regions North of town are yet in miserable condition. The bad roads there have no doubt cost Mexia tens of thousands of dollars during the present year. The delay in fixing the roads is being paid for daily by Mexia merchants and business men. When one rides over that strip, he feels that he does not have to take the children to the Dallas Fair or to Coney Island in order to let them ride the "Figure Eight," "The Whip" or other such contrivances. They can get a better jolt right here at home and don't have to pay a thing for it outside of a broken spring or some minor automobile trouble.

But what's worth fixing in the way of roads especially, is worth fixing right. And probably the delay has been in not being able to fix the road leading to Tehuacana, Westminster College and Coolidge as it was thought it should be fixed. Certainly a hard surfaced street leading to the city limits would be the best sort of repairs and that would be permanent. With the paving company winding up its program of paving Mexia's streets, North Belknap could be paved very soon, in case steps were taken now to finance such a program. The City Commission and the Chamber of Commerce as well as citizens in the section of the city concerned especially should hold a joint meeting at once, immediately and without delay and handle the subject thoroughly, reach a conclusion and then accomplish this improvement. The person riding over North Belknap now may get a good many bruises when he succeeds in riding through the city towards Tehuacana but in turn he seldom fails to give Mexia a black eye in return.

LABOR DAY DEVELOPMENTS
Celebration of Labor Day brought out some vital facts about our Country that should inspire citizens with patriotism, optimism and confidence in our political institutions. It has shown that we lead the world in production because the average citizen works nearer 300 days in the year than in any other country in the world. The workers draw as pay wages equal to more than one-half of the entire national income, and more than 60 per cent of that goes to those who get \$2,000 or less each per annum. Think of this: 13,000,000 Americans have \$75,500,000,000 in the savings banks; they hold 72,000,000 insurance policies of all kinds, for \$55,000,000,000. About half our population, more than 11,000,000 families, own their own homes and 3,500,000 own two-thirds of the land in use. Our country has more spread-out ownership than any other. Railroads are owned by 2,900,000 persons; electric light business is owned by 1,500,000; telephone and telegraph systems are owned by 500,000 Americans, hundreds of thousands of these being wage workers.

THE EDITORIAL OF THE DAY

QUINCY SORE THROAT.
By ROYAL B. COPELAND, M. D.
United States Senator from N. Y.
Former Chairman of the Senate Committee on Education and Labor, New York City.

The Quincy sore throat is one of the most common of the throat affections. It is characterized by a feeling of soreness and difficulty in swallowing. It is often accompanied by a feeling of fullness in the throat, and by a feeling of irritation. It is usually caused by a bacterial infection of the tonsils, and is often associated with a general infection of the body. It is a very painful condition, and it is important that it be treated promptly. The treatment consists of rest, and the use of antiseptics and antibiotics. It is also important to keep the throat moist, and to avoid any strenuous activity. If the condition persists, it is necessary to consult a physician.

Such a sore throat as this is often referred to as rheumatic, or as "rheumatism of the throat." It has all the causes of the other forms of rheumatism. One of the most common of all human ailments is tonsillitis. Of this there are several varieties. It may take the form of simple swelling and redness, or, associated with these symptoms, there may be white patches on the tonsils. Then we call the trouble "follicular tonsillitis." When the infection is of a different type, there may develop an abscess in the tonsil. Lots of pus may form, the affected tonsil swells up to great size, almost completely filling the throat. The tonsil tissues are swollen and tense. There may be high fever and great prostration. This describes what we usually refer to as "quincy" or "quincy sore throat."

Some persons are susceptible to sore throat. One attack is speedily followed by another. The quincy may reappear every spring and fall. You must give consideration to a lot of things in the care of repeated sore throats. First, find out what is the condition of the mouth. Decayed teeth and abscesses at their bases account for the presence of germs that may infect the tonsils. Pusy gums, often called "Riggs disease," is another ailment which is a menace to health. You cannot have a focus of pus development without danger to your health. No life is safe if somewhere in the body the germs of disease are being born every minute. Not only then, to escape sore throat, but to save your health you must

MEN AND WOMEN IN THE NEWS SPOTLIGHT

Below: MISS DEVERLEY HARRIS, WILDA BENNETT, LONIA CRADDOCK, and NED SMITH.

Wilda Bennett, famous actress, has been sued at Mineola, Long Island, N. Y., for \$100,000 by Mrs. Katherine M. Frey, former Kentucky belle, who alleges Miss Bennett alienated the affections of her husband, son of a well known Kentucky horse breeder. Lonia Craddock, seventy-three, at one time America's foremost actress, is dead in Boston, leaving an estate valued at between \$1,500,000 and \$5,000,000. Mrs. Beverly D. Harris, wife of a former vice-president of the National City Bank, of New York City, America's greatest financial institution, has been freed, her husband refusing to press charges of forgery against her in connection with a letter she produced, purporting to be in his writing and acquitting her of charges he made in his divorce suit. Alfred E. Smith, defeated in the Democratic National Convention for nomination for the Presidency, has been recommended by the Democrats as their candidate for re-election as Governor of the State of New York.

PIMPLES AND BUMPS ARE AWFUL PESTS
Girls and women of the most even dispositions are quick to resent direct attacks on their character, or hold advances. But it is hardly explainable why these same folks tolerate disfiguring pimples, blotches, bumps, "breaking out," etc., which are even worse pests than that. These skin disease quit annoying people quickly after first few applications of the wonderful Black and White Ointment, and the regular use of Black and White Soap. The cost is so small none need hesitate because they "can't afford it." The 50c size of the Ointment contains three times as much as the liberal 25c size. All dealers have both Black and White Soap, and Ointment. (Adv.)

SAN ANTONIO, Oct. 1.—Free coffee for guests, served in bed, is the program of a local hotel. Just turn a knob, and the hot java appears. The device, which is to be patented, consists of an indicator dial on which the guest shows the time at which he desires the beverage. Outside the room, the dial figures run from 7 to 9:30. Between those hours, bell boys are to push little coffee wagons up and down the corridors, serving each guest at his appointed hour. If by any chance a guest does not want coffee, he may set the dials so no figures appear.

Bootlegging Now On Professional Basis

(By United Press)
HOUSTON, Sept. 1.—Recognition of bootlegging as a profession was indicated here in an advertisement run in a morning paper wherein a coupe described as "ideal for bootleggers" was the way it read. "Must be sold at once."

COUNTY EDUCATORS TO MEET OCTOBER 11

A meeting of the County Educational Association will be held in Groesbeck Saturday, October 11, and teachers are expected to be present from all parts of the county. This association will meet regularly now on and will hold its sessions in different parts of the county. The next meeting will possibly be held in Mexia, at a future date.

SMALL BLAZE TUESDAY NIGHT.

At 9:20 o'clock Tuesday night the Fire Department was called to the Hurdleston Hotel garage. Only slight damage was done, the small blaze was easily extinguished with chemicals before it could gain headway.

Fights and Fighters

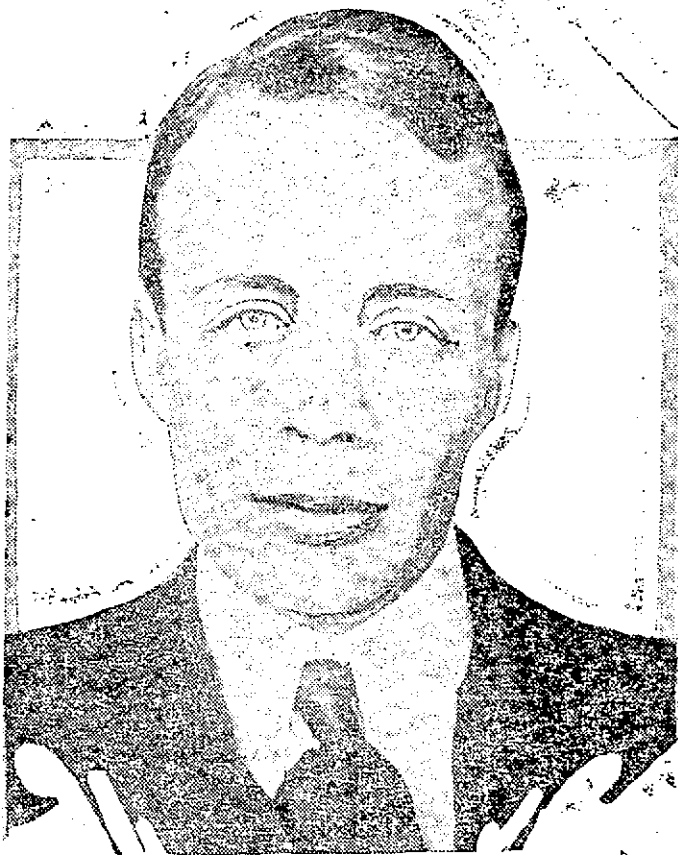

DETROIT, Mich.—The proposed bout here Thursday night between Pepper Martin, New York featherweight and Phil McGraw was cancelled when Martin wired he was too ill to fight. It was the fourth fighter to back out of the match. Kid Sullivan, Jr., lightweight champion, starting the list.

ERIE, Pa.—Tommy Freeman of New Orleans won the decision in a ten-round go with Jack Oakes, of Buffalo. Stanley Wills of Philadelphia and Johnny Ward, McKeesport, went to a draw in eight rounds.

NEW YORK.—Jack Dempsey's sudden decision to go back into hard training is the fore-runner of another tour of vaudeville. It was reported here today. While the champion has not indicated that he will reject Tex Rickard's plans to match him with Jack Renault or Tom Gibbons for an indoor match in the Madison Square Garden, it is said that he is not satisfied that he can get enough money for an indoor bout and wants some easy money from the stage.

ROOSEVELT FOLLOWS IN FATHER'S FOOTSTEPS

THEODORE ROOSEVELT

Just how far will Colonel Theodore Roosevelt follow in the footsteps of his illustrious father? Thus far their lives have been nearly parallel. Both have been colonels in the United States army. Both have been Assistant Secretaries of the Navy. Both have been Republican nominees for the Governorship of New York. Colonel Roosevelt stepped from the Governorship into the Vice-Presidency and then into the Presidency. The younger Colonel Roosevelt still must win the Governorship to continue in his father's footsteps.

Humble Oil & Refining Company

Many motorists buy their gasoline haphazardly—here and there—from any station they happen to pass. Sometimes the gasoline that goes into the tank is good, sometimes, poor—depending of course on who made it and how it was made.

When you buy from a "blind pump," you are getting a product that you know nothing at all about—one that has "No pride of ancestry." You don't know who made it or how it was made, and how it will function in your motor.

You rely on gasoline to get you where you want to go, quickly and cheaply. It is the efficient operation of your car and the cost per mile that really count. Only a uniformly-good gasoline can be depended on to give you these things.

Humble Gasoline is always good, no matter where or when you buy it. From the wells to your car, its quality and purity are safeguarded by the big Humble Oil & Refining Company organization—employing over 3,500 people in the state of Texas alone. Our immense production facilities enable us to select and refine so as to secure a uniform and dependable product—one that you can always rely on to give efficient operation and the maximum of mileage.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon Harry Young and wife, Sarah E. Young, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Limestone County 87th Judicial District, to be held at the courthouse thereof in Groesbeck, on the first Monday in November, 1924, the same being the 3rd day of November, 1924, then and there to answer a petition filed in said court on the 4th day of August, A.D., 1924, in a suit numbered on the docket of said court No. 4701-B, wherein Eliza Carter is plaintiff, and Harry Young and Sarah E. Young are defendants, said petition alleging that heretofore to-wit on or about the first day of September 1922, the Defendants made, executed and delivered to plaintiff their joint promissory note for the sum of Fifteen Hundred Thirty and Forty Eight Hundredths Dollars (\$1539.48) due and payable in monthly installments of Twenty five (\$25.) Dollars each, the first installment being due and payable on or before the first day of October, 1922, and one installment to become due and payable on or before the first day of each succeeding month thereafter until the whole principal sum and interest is paid; said note being payable to the order of the plaintiff at the rate of 10% per annum from date until paid, and stipulating for 10% of the amount of the principal and interest then due as attorney's fees in case suit is brought on same or is placed in the hands of an attorney for collection, whereby the Defendants and each of them became bound and liable to pay and promise to pay to plaintiff the sum of money in said note specified, together with all interest and attorney's fees due thereon

according to the tenor and effect thereof.

Said note was given for a part of the purchase money of the following described real estate and premises situated in the city of Mexia, Limestone County, Texas, to-wit:

Lot 3 in subdivision A in Division 41, as shown by the Recorded Map of the City of Mexia, Texas.

That said property was heretofore to-wit on the first day of September, 1922, conveyed by plaintiff to Defendants by his deed of writing of that date, in consideration, among other things, of the note herein described, and that in said deed of conveyance a lien was reserved thereon to secure the payment of said note, that said note and the installments thereon are due and unpaid, the last installment amounting to Fifteen (\$15.00) Dollars having been paid on or about June 1st, 1923, and no other payments or installments have been made since that time by the Defendants or either of them, or by any one on their behalf, tho often requested so to make such payments.

The said note has been placed in the hands of W. T. Church, attorney, for collection, and plaintiff has contracted to pay him 10% attorney's fees stipulated therein, the same being the reasonable and usual and customary fee.

Wherefore, the plaintiff prays the court that the Defendants and each of them be cited to appear and answer this petition, that he have judgement for his debt, interest, attorney's fees and costs of suit, and for the foreclosure of his lien on the above described land and premises, and the same be decreed to be sold according to law; that the sheriff or other officer executing said order of sale, shall place the purchaser of said property sold under said order of sale in possession thereof, within thirty (30) days after the day of the sale and for such other and further relief special and general, in law and in equity, that he may be justly entitled to, etc.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon, showing

how you have executed the same.

Witness Johnson Wakefield, Clerk of the District Court of Limestone County.

Given under my hand and the seal of said court, in the city of Groesbeck, this 9 day of Sept., A. D. 1924.

CAMPAIGN ENDS WITH SERVICE THURSDAY NIGHT

"Make all things according to the pattern" was the theme of evangelist's sermon last night at the First Christian church. He said "We must give the world the Gospel as delivered to us. We must not add to nor take from. God will not brook any alteration. Moses dared not change one detail when he built the tabernacle, yet how much more important is the Gospel. God has delivered to us the conditions of pardon. How trivial and unimportant they seem to us, yet they are God's commands, and we must obey them. We are more concerned with the work of our tailors than we are with the garment we are to wear to the wedding supper of the Lamb. If the tailor makes something that does not fit, we will not wear it. We are concerned about the fit of our clothes because men will laugh at us if they are too big or too tight, and yet we are not concerned about meeting the conditions God has imposed. We say we are all right if we feel that we are all right. If a man would spend as much time on the question "What must I do to be saved?" as he does in learning to adjust the carburetor on his Ford, no one need say, I don't know.

TO A LADY

Who Refused to Use Clay
Edna Wallace Hopper
A lady writes me that my beauty helps have brought her wonderful results, but she adds, "It is too much trouble to use." Too much trouble! In my stage work and in these efforts to help women I work 15 hours a day. Yet I would rather miss three meals than miss my clay. Too much trouble! Yet see what clay has done for me. Mine is a grandmother's age, yet I enjoy a debutante's complexion. Let me send you a test of my White Youth Clay. It is not like the crude and muddy clays so many have employed. It is white, refined and dainty—the last word in facial clays. And it combines in one product many superlative helps. My Youth Clay purges the skin of all that clogs and mars it. It removes the causes of blackheads and blemishes. It brings the blood to the skin to nourish and revive it. The result is a rosy after glow which amazes and delights. It firms the skin, combats lines and wrinkles, reduces enlarged pores, eliminates surplus oil. Many women seem to drop ten years with one application of this clay. To countless women it is bringing priceless benefits—new beauty and new youth. Are such results not worth to you a few minutes twice a week? Mine is a super-clay—a new type clay—based on 20 years of scientific study. I have placed it with all drug stores, all toilet counters, so you can get it. The cost is 50 cents and \$1. You will thank me for it—always—when you learn what it means to you. I will gladly mail sample if you mail this coupon.

what to do. Many people think if a thing is labelled religion, it is all right. It is utter nonsense to say that one church is as good as another. It is nonsense to say that God will be pleased if we conform to some religious program. Being honest doesn't make it what God wants us to do. God did not say, "Make all things according to a pattern, but make all things according to The pattern."

Evangelist Vawter stressed the service tonight in which the children are to participate. Mr. House has been working with the class of boys and girls for the past ten days and they are very much interested in the work of studying the Bible and will give a demonstration Thursday night that will be pleasing as well as remarkable.

The Book of Acts is being stressed by Dr. Vawter. He urges the congregation each night to spend more time reading God's Book. Quite a number have read the entire book of Acts during the revival.

A special feature Wednesday night is to be a trio on the chimes instrument.

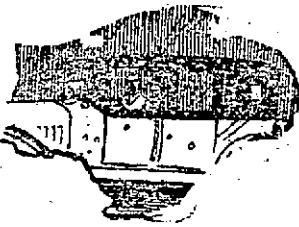

Miss Reaves as choir director has charmed the congregation each service with her leadership and magnificent talent. She sang "Tell Mother I'll Be There" at Tuesday night's service, which rendition was unusually beautiful.

Thursday night is to be the last night of the evangelical campaign at the Christian church. The pastor, Rev. Reaves and the entire party urge the necessity of prayer and great congregations at these last two services now ahead. 73 raised their hands Wednesday night indicating that they would pray earnestly for the service tonight. Such effort the evangelist urges will win souls for Christ, and without it the preacher and church are helpless in accomplishing worth while service.

Don Hinga of The Houston Press was a week end visitor with his sister, Mrs. B. L. Walkup.

SALTS FINE FOR ACHING KIDNEYS

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean and the moment you feel an ache of pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate thus helping to relieve bladder disorders. Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean. A well known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year. (—Adv.)
